WHY THIS CONCLAVE?
WHY NOW?

THE CHALLENGE

Indian Exporters and SMEs need affordable, practical AI solutions to improve productivity, quality, compliance, digital capabilities and market intelligence. At the same time, many Indian AI startups need stronger pathways to enterprise adoption and global markets.

THE OPPORTUNITY

The opportunity is not only to build new AI products, but to use AI to make existing businesses more productive, competitive, scalable and globally market-ready.

THE SOLUTION

The **AI Innovation Sandbox** will connect real exporter and SME challenges with relevant AI solutions—enabling pilots, validating business outcomes and reducing the risks of AI adoption.

THE MISSING LINK IS ADOPTION.
